Appraisal :

1.) Impact upon the residential amenity of the adjacent dwellings

The proposed development is for the insertion of two velux windows in the front roof slope of the rear dwelling. The property is in a corner location and has an open area with mature landscaping. The rear of the property faces N°S's rear. The distance between the dwellings is approx 23m. The bottom of the velux windows in the rear elevation would start at a height of 1.5m

There will be no overlooking, overshadowing or overbearing issues, there will be no detrimental impact upon the amenity of the adjacent dwellings.

2.) Impact upon the character and appearance of the street scene.
