

ONR Land Use Planning - Application 243126

Dear Sir/Madam,

I have consulted with the emergency planners within Wokingham Borough Council, which is responsible for the preparation of the Atomic Weapons Establishment Burghfield off-site emergency plan required by the Radiation (Emergency Preparedness and Public Information) Regulations (REPPiR) 2019. They have provided adequate assurance that the proposed development can be accommodated within their off-site emergency plan arrangements, with the proviso that the following condition be applied as stated from the Emergency Planner on 10 February 2025, in relation to maintaining a valid emergency plan and for it to be provided to the LPA within one month should the LPA request it.

The proposed development does not present a significant external hazard to the safety of the nuclear site.

Therefore, ONR does not advise against this development.

Kind regards,

Land Use Planning

Office for Nuclear Regulation
