Good Afternoon all,

Thank you all for your time this afternoon and great to meet those who I haven't met yet.

Following our conversation and as highlighted by Jean, just to confirm that South Wokingham Distributor Road (SWDR) forms part of the wider programme of which previous targets had already been met, particularly regarding apprenticeships by Balfour Beatty. Therefore this particular project and targets associated are in addition to those previously carried out and satisfied.

Please see attached the latest and final version of the ESP including an amendment to the school/college visits from 200 pupils now to 10 visits.

Vinay, this can now be saved internally as the most up to date version.

I believe this should satisfy the requirements to pass this over the line for planning consent.

Please let me know if anything else is required.

Best regards,
