

PLANNING REF : 250468
PROPERTY ADDRESS : 4 Tiverton Close
: Woodley, Berks
: RG5 3BE
SUBMITTED BY : Mr David Fidler
DATE SUBMITTED : 13/03/2025

COMMENTS:

The planning application was submitted on 26 February but in fact the ground work started at the end of January and the construction of the 'existing building ' was started in February. ie before the planning application was submitted to put a pitched roof on it.

There was no

existing building prior to the work starting. It would appear that a planning application was not made to construct the 'existing building' . My principal objection is the use of roof lights since they will be very close to our house and based upon my observations of existing lighting in 8 Butts Hill Road will be used through the night.
