Application Number: F/2002/8045

Appraisal:

Development
The proposed is for the erection of a metal shed. The site is a detached mobile home located within the rural area of Finchampstead. The shed would replace the existing wooden shed to the rear of the property. It would be 2.7m in length with a width of 1.8m and a ridged roof with a ridge height of 2.2m. The proposed requires planning permission, as mobile homes do not have permitted development rights.

1) Impact upon the neighbours
The shed would be located to the south of the dwelling, approximately 4m from the mobile home and 3m from the ditch that forms the boundary. There is a 1.8m fence with tall mature conifers to the side and rear boundary beyond the ditch. There are limited views of the properties beyond this screening and due to the distance to these properties there would be no adverse impact in terms of overlooking, overshadowing and overbearing.

2) Impact upon the character of the street scene and rural area
Tall mature deciduous trees line the road beyond the lake. The proposed shed would be replacing the existing shed to the rear. There would be no adverse impact upon the character of the street scene and rural area.

3) Impact upon the TPO
The proposed would be in close proximity to the Oak tree with a Tree Preservation Order. The applicant has confirmed that there would be no excavations or alterations to the soil level, this can then be covered in a condition.

NOTES

Mr Coates confirmed that there would be no excavations or alterations to the existing soil level - this is to satisfy the requirements for protecting the TPO. He wants to protect the tree and may move the shed slightly further away from the tree.

A rainwater will be placed under the guttering.

Your observations are required in respect of this application within **7 days** of the above date.

The Oak tree shown on the plan is included in Tree Preservation Order No. 861/1997.

It will be necessary to construct the base without carrying out excavations or alterations to the existing soil level. From the information supplied it is not clear to me whether this will be the case. Please ask the applicants to submit the manufacturers details / clarify this point.

Providing the above is resolved I have no objection to planning permission being granted.
