Appraisal :

This application is an amendment to consent F/2002/5764 and proposes a first floor side extension. The extension would ~~have~~ match the ridge and eaves heights of the existing dwelling and would incorporate a 700mm forward projection of the first floor with a gable roof detail.

The adjacent Neighbour No2 is set further back from the road but because the extension is confined to the north side, would be unaffected. A number of properties are located to the north separated by a connecting driveway and an 11.0m gap. None of these properties would be overshadowed or overlooked upon as a result of such an extension being built.

The forward projection of the first floor is a feature characteristic of the close with a number of properties to the north having the same projections. No 1 ~~also~~ is set forward in the street so the proposed extension would not be out of keeping with the general building line.

The garage is large enough to comply with the standards and two driving spaces are available at the front

For the attention of Phillip Taylor

19th November 2002

Dear Sir,

Proposed first floor extension over existing garage to 3 Carnation Close, Crowthorne for Mr & Mrs D. Taylor

As requested please find enclosed a re-application since we have added a bay to the approved extension (ref. F/2002/5764).

The reason for this change is so that we can replicate similar tile hung bays on the estate, as exactly matching bricks are nolonger available, hence the change to tile hanging.

I understand Phillip Taylor visited the site today and sees no problem with this revised proposal which we trust can now be approved at your earliest convenience.

Yours faithfully,

Alistair Lloyd
