Comments On Proposal

The applicant proposes to increase the numbers of habitable rooms from 4 to 5. The length of the existing long driveway will be reduced to 9.6m.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed driveway has sufficient spaces to accommodate two parking spaces by utilising the existing dropped crossing, which is acceptable.

The direct access to the rear garden has been removed from the proposal. Alternative cycle storage provision shall be identified when discharging the condition.

Conditions & Reasons (if required)

1. CF9 - CYCLE PARKING (TO BE APPROVED)
