Dear Mr Ritchie

RE: MTW AND MATHS DEPARTMENTS AT ATF COLL, ARBORFIELD DE5/1151
External Materials

Further to the approval notice issued by Wokingham District Council for application no. F/2000/1296, I enclose the information requested in their conditions. Can you formally submit it to the town planners please.

- There is a plastic coated and steel sample of the roof fascia and skirt trim – colour 'Honesty'.
- The main wall areas will be in the rendered ply – colour sample 'Magnolia' supplied.
- The mid band between ground and first floor will be in rendered ply – colour sample 'Cinnamon' supplied.
- The windows will be white anodised aluminium.
- The roof will be grey Marleydeck Roof Finish.
- The rainwater goods will be dark brown PVC.
- The ground floor slab levels are :-
  Maths Department – 99.263 where adjacent road level is 99.170
  MTW Department – 100.260 where adjacent road level is 99.510.

Please let me know if you require any further information.

Yours sincerely

Dear Mr Lewis

PROPOSAL FOR RELOCATION OF MILITARY TRAINING WING AND MATHS DEPARTMENT WITHIN ROWCROFT BARRACKS, ARMY APPRENTICES COLLEGE, ABORFIELD

I refer to my conversation of last week with your colleague, Angela Odell, in respect of proposals to relocate the above facility from within a building at the entrance of the Garrison to a site within the Rowcroft Barracks area.

The proposal is necessitated because of the re-provisioning of the Community Centre to the site of the former Military Training Wing.

I attach three proposed layouts in respect of the intended location(s) and building type for the relocated Maths Department and Military Training Wing. I would appreciate your views as to the proposed location of these buildings given the comments that you have made in respect of the current proposals for the all-weather sports pitch and lighting columns to the south of Rowcroft Barracks. I am anxious that we are able to discuss this matter, before I submit a formal 18/84 Circular Planning Consultation, in order that we may establish the likely response to such a proposal.

I would be pleased to discuss this matter with you at a meeting at your offices or on site should this be necessary. In the alternative I would be pleased if we could discuss this matter over the telephone at your earliest convenience.

Thank you for your assistance in this matter.

Yours sincerely

Michael Davis

MINUTES OF A MEETING OF THE DEVELOPMENT CONTROL COMMITTEE HELD ON WEDNESDAY 28 JUNE 2000 FROM 7.00 PM TO 10.10 PM

Present: Mrs.D C Beatty, Mr.M J Bryant, Mr S R Conway, Mrs.A N M C Drake, Mr T P Dredge, Mr J L Earnshaw, Mrs J A Lissaman, Mrs M A Long, Mr K A Malvern, Mrs M Robertson and Fiona Rolls.

Also present under Standing Order 39: Mr F D Browne, Mr G Cowan, Simon Etheridge, Mr C E Lawley, Mr A Miller, Mr N D Rose and Mrs E L M Siggery,

40. CHAIRMAN

RESOLVED: That Mr S.R.Conway be elected Chairman for the meeting.

41. ORDER OF BUSINESS

With the agreement of the Committee, the order of business was varied so that those applications where members of the public had indicated a wish to speak could be dealt with first.

42. MINUTES

The Minutes of the meeting of the Committee held on 7 June 2000 were confirmed as a correct record and signed by the Chairman.

43. APOLOGIES FOR ABSENCE

An apology for absence was submitted from Mr.A J Ross.

51. APPLICATION NO 2000/1296 PROPOSED CIRCULAR 18/84 APPLICATION FOR THE ERECTION OF TWO BUILDINGS FOR USE AS CLASSROOMS, R.E.M.E DEPOT, ROWCROFT BARRACKS, ARBORFIELD FOR MINISTRY OF DEFENCE

The Committee considered a report about this application set out on Agenda pages 430 to 438.

Members noted that, as indicated at the last meeting, this site was in Barkham Ward and that appropriate consultations had now taken place.

Mr.A Miller, the local Member attended the meeting and indicated that he supported the application.

RESOLVED: That no objections be raised to Application No.2000/1296, subject to the imposition of the conditions set out in the Agenda.

Application No. **Received** **Arborfield**
F/2000/1296 **22.04.00**

Applicant : **Ministry of Defence**
Location : **R.E.M.E Depot, Rowcroft Barracks, Arborfield, Reading**
Proposal : **Circular 18/84 application for the erection of 2 buildings for use as classrooms**

1. **Planning History** – There have been numerous Circular 18/84 applications proposed at Arborfield Garrison, with the most recent being the sport training building which lies to the south of Nuffield Road and the barracks area. The Garrison is mainly contained within a development boundary which is set out on the Proposals Map of the Wokingham District Local Plan (Deposit Draft) as amended and covered by Policy WBE21 of the same document.

2. **Proposal** – Approval is sought for the erection of 2 two-storey classroom buildings to be used by the Maths Department and Military Training Wing of the Army Apprentices College. The reason for the new classrooms comes as a result of the proposed demolition of the existing community centre facility on Princess Marina Drive which has been providing accommodation for the College, that will no longer be available if the new building is granted planning permission.

   The first of these buildings would sited to the north of Nuffield Road within the existing group of Garrison buildings, behind the existing technology building. It would be in an 'L' shape, measuring 23.5metres in length, 10.5metres in depth, with height to 6.2metres. The second building would sited to the south of Nuffield Road and to the east of the new sports training building. Again this building would be in an 'L' shape and would measure 45metres in length, 14metres in depth with height to 6.2metres.

   Both buildings would be located outside the development boundary within a countryside area.

3. **Consultations** – The consultation period is due to end on 27 June 2000 and therefore additional comments received will be reported at the meeting:

   - ***Environmental Health*** – no objection

4. **Appraisal** – The main issues are:

   A. Effect on the character and appearance of the area (Berkshire Structure Plan Policy C2; Loddon Area Local Plan Policy LTV2; and Wokingham District Local Plan (Deposit Draft) as amended Policy WCC1).
   B. Effect on surrounding residential properties
   C. Highway issues
   D. Concerns of local residents and parish council

A. Effect on the character and appearance of the area

Both of the proposed buildings, as mentioned, are located in an area outside the identified settlement boundary of Arborfield Garrison and are therefore in the countryside. However, this area does not resemble the typical rural appearance of the surrounding countryside such as Arborfield and Barkham. There are already substantial buildings (including those at two-storey height) large areas of hardstanding, lighting columns and high wire fences.

The Military College has logistical problems and the need to centralise all the facilities in one location, which is one of the reasons why the two sites were selected. Also there are security and accessibility issues, which again has limited the areas that would be available for these buildings.

The first smaller building which would be sited behind to the north of Nuffield Road is not considered to be in a prominent location and would be well screened from the surrounding countryside be the existing technology/other building(s). The second larger building would be sited to the south of Nuffield Road slightly away from the main group of College buildings. This would potentially be more prominent when viewed from outside of the site. Careful consideration has been given to this and on balance it is considered to be acceptable for two reasons. The height is low for a two-storey building and as such would appear no higher than a dwellinghouse. In addition this proposed building, when viewed from the south would be seen against the backdrop of the existing College buildings, which would still dominate the overall appearance of the area.

B. Effect upon nearby residential

The nearest residential properties are all some distance away and for this reason it is not considered there would be any harm caused by the developments.

C. Highway Issues

The Highway Authority raises no objections subject to condition.

5. **Conclusion** – Although the proposed new classroom buildings would sited outside the identified settlement boundary of Arborfield Garrison it is not considered on this occasion that there would be any significant harm to the character and appearance of the surrounding area.

6. **Recommendation** – It is recommended that no objection be raised subject to the following conditions:

1. Before the building operations hereby permitted are commenced, samples and details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority and no external materials shall be used other than those approved.

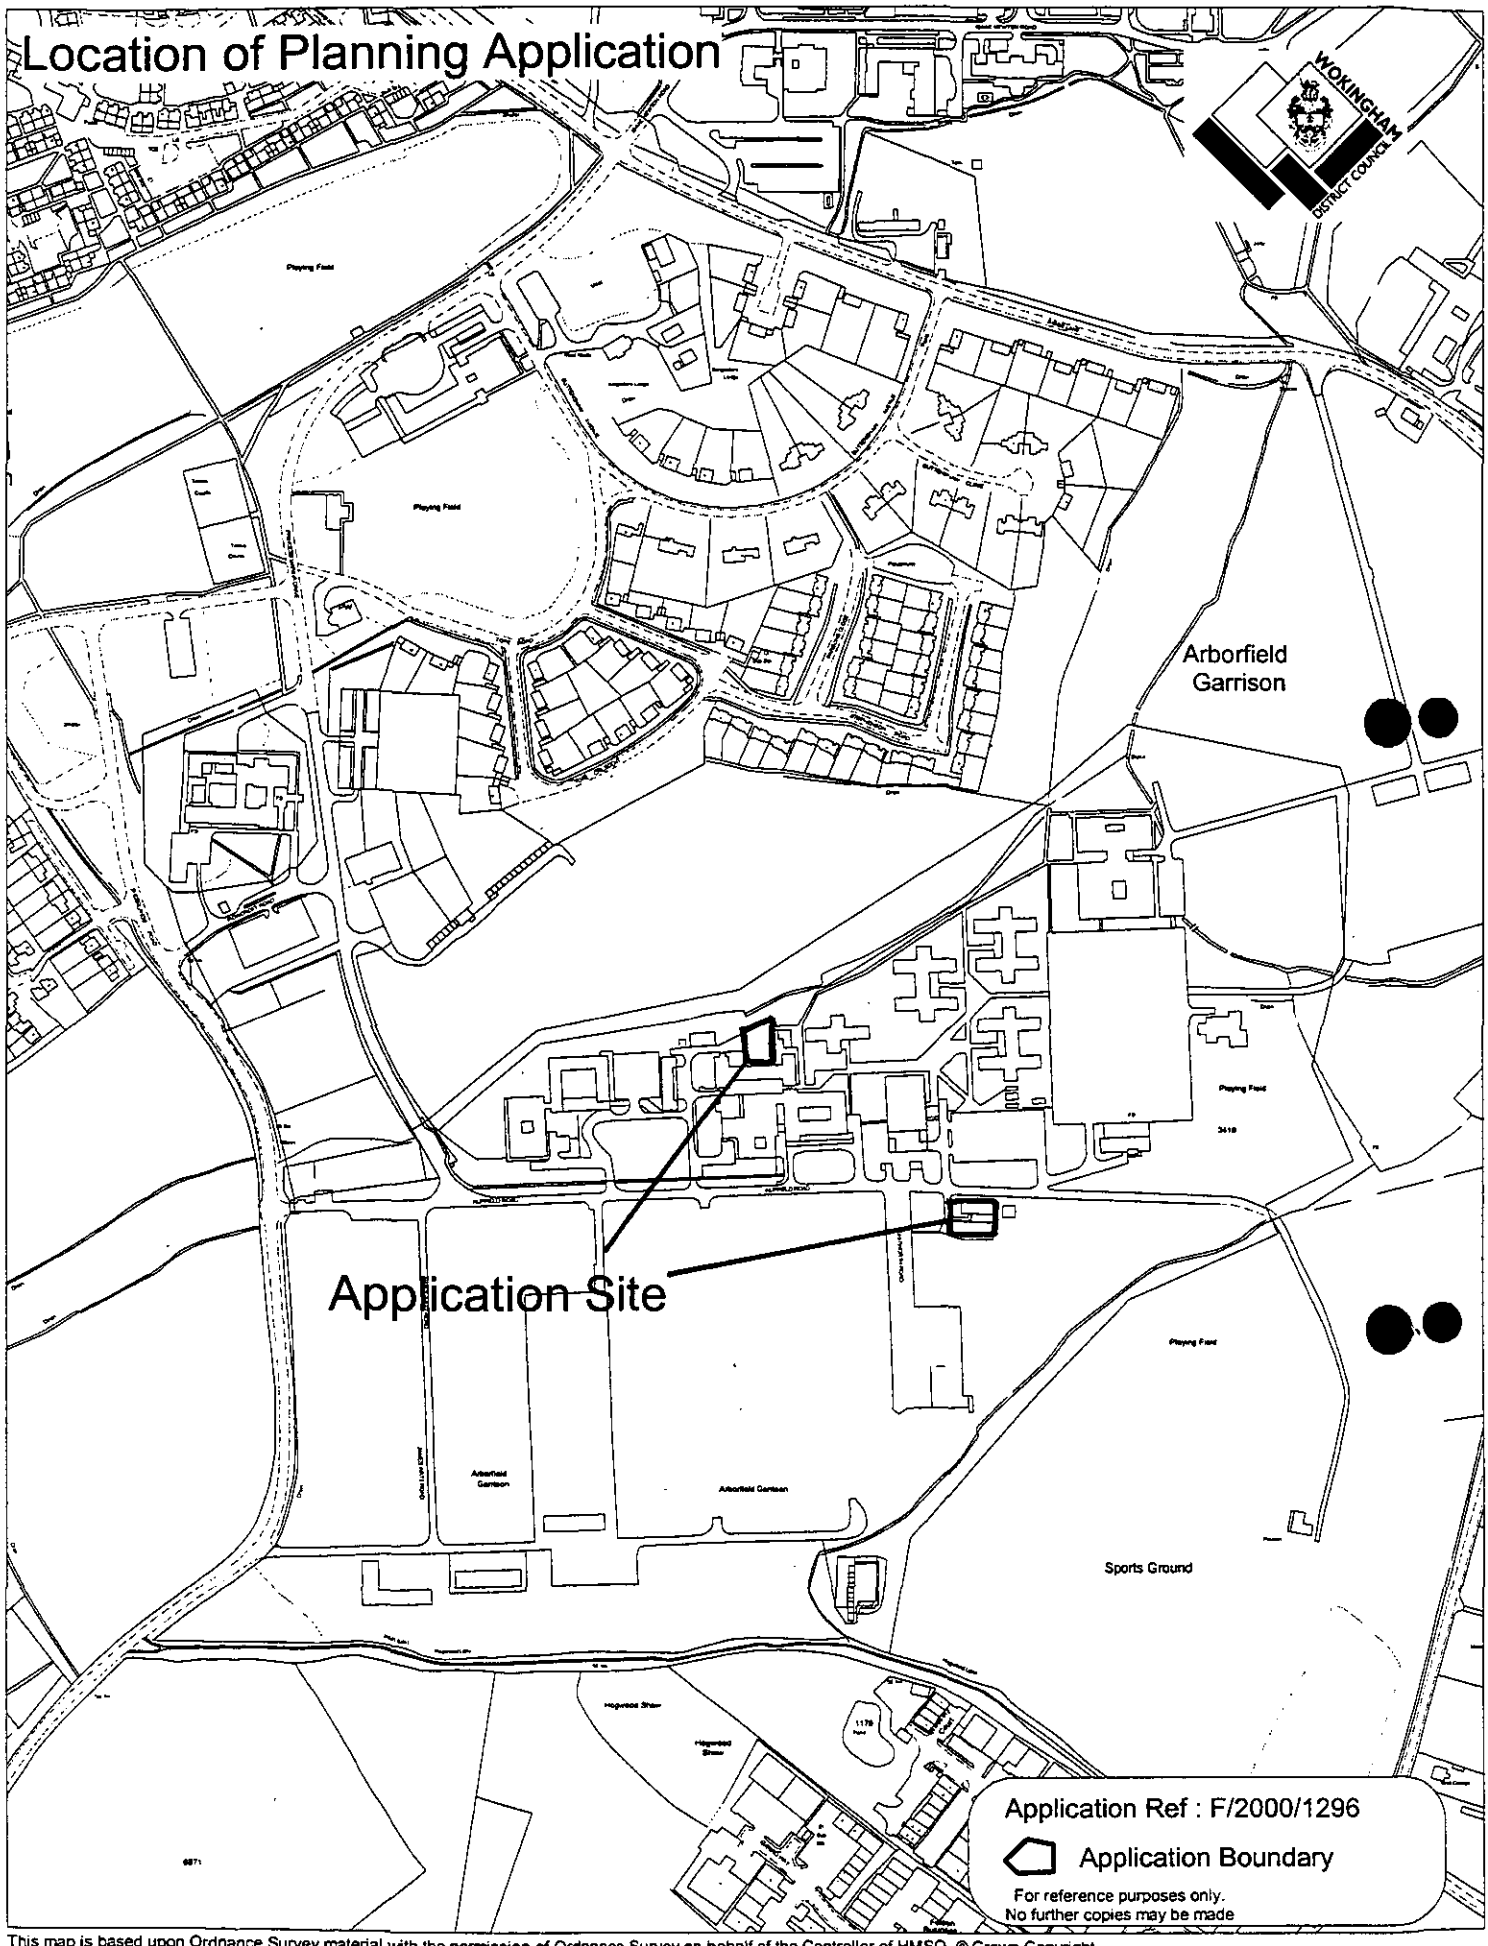

2. Prior to the commencement of development details of the proposed slab levels of the proposed dwellings shall be submitted to and approved in writing by the Local Planning Authority.

REASONS:

1 & 2. In the interests of visual and rural amenity.

Simon Lewis

The Head of Planning and Transportation indicated that formal consultations with adjoining Parish Councils had yet to be completed and in the circumstances it was

RESOLVED: That consideration of Application No.2000/1296 be deferred to enable those consultations to be completed.

Application No. F/2000/1296 | **Received** 22.04.00 | **Arborfield**

Applicant : Ministry of Defence
Location : R.E.M.E Depot, Rowcroft Barracks, Arborfield, Reading
Proposal : Circular 18/84 application for the erection of 2 buildings for use as classrooms

1. **Planning History** – There have been numerous Circular 18/84 applications proposed at Arborfield Garrison, with the most recent being the sport training building which lies to the south of Nuffield Road and the barracks area. The Garrison is mainly contained within a development boundary which is set out on the Proposals Map of the Wokingham District Local Plan (Deposit Draft) as amended and covered by Policy WBE21 of the same document.

2. **Proposal** – Approval is sought for the erection of 2 two-storey classroom buildings to be used by the Maths Department and Military Training Wing of the Army Apprentices College. The reason for the new classrooms comes as a result of the proposed demolition of the existing community centre facility on Princess Marina Drive which has been providing accommodation for the College, that will no longer be available if the new building is granted planning permission.

   The first of these buildings would sited to the north of Nuffield Road within the existing group of Garrison buildings, behind the existing technology building. It would be in an 'L' shape, measuring 23.5metres in length, 10.5metres in depth, with height to 6.2metres. The second building would sited to the south of Nuffield Road and to the east of the new sports training building. Again this building would be in an 'L' shape and would measure 45metres in length, 14metres in depth with height to 6.2metres.

   Both buildings would be located outside the development boundary within a countryside area.

3. **Consultations** -
   - ***Environmental Health*** – no objection
   - ***Arborfield Parish Council*** – no response received at this time

4. **Appraisal** – The main issues are:

   A. Effect on the character and appearance of the area (Berkshire Structure Plan Policy C2; Loddon Area Local Plan Policy LTV2; and Wokingham District Local Plan (Deposit Draft) as amended Policy WCC1).
   B. Effect on surrounding residential properties
   C. Highway issues
   D. Concerns of local residents and parish council

A. Effect on the character and appearance of the area

Both of the proposed buildings, as mentioned, are located in an area outside the identified settlement boundary of Arborfield Garrison and are therefore in the countryside. However, this area does not resemble the typical rural appearance of the surrounding countryside such as Arborfield and Barkham. There are already substantial buildings (including those at two-storey height) large areas of hardstanding, lighting columns and high wire fences.

The Military College has logistical problems and the need to centralise all the facilities in one location, which is one of the reasons why the two sites were selected. Also there are security and accessibility issues, which again has limited the areas that would be available for these buildings.

The first smaller building which would be sited behind to the north of Nuffield Road is not considered to be in a prominent location and would be well screened from the surrounding countryside be the existing technology/other building(s). The second larger building would be sited to the south of Nuffield Road slightly away from the main group of College buildings. This would potentially be more prominent when viewed from outside of the site. Careful consideration has been given to this and on balance it is considered to be acceptable for two reasons. The height is low for a two-storey building and as such would appear no higher than a dwellinghouse. In addition this proposed building, when viewed from the south would be seen against the backdrop of the existing College buildings, which would still dominate the overall appearance of the area.

B. Effect upon nearby residential

The nearest residential properties are all some distance away and for this reason it is not considered there would be any harm caused by the developments.

C. Highway Issues

The Highway Authority raises no objections subject to condition.

5. **Conclusion** – Although the proposed new classroom buildings would sited outside the identified settlement boundary of Arborfield Garrison it is not considered on this occasion that there would be any significant harm to the character and appearance of the surrounding area.

HIGHWAYS CONSULTATION SHEET

From: Simon Lewis

Date: 08 May 2000

Application Number: F/2000/1296

Proposal: Circular 18/84 for the erection of 2 buildings for use as classrooms.

Parish: SWALLOWFIELD PARISH

Site Address:
R E M E Depot Rowcroft Barracks, , Arborfield, Reading.

Applicant:
Ministry Of Defence C/O Mr Mike Davies Of Defence Estates.

Your observations are required in respect of this application within **7 days** of the above date.

✓ below as applicable;

1) ☐ Recommend refusal for the reason(s) **stated below**;
2) ☐ Recommend approval but with condition(s) & reason(s) **stated below**;
3) ☑ Recommend approval with **no** condition(s) or reason(s).

No adverse highway comments.

Signed: _____ **Print name:** A LIDDELL

A. Effect on the character and appearance of the area

Both of the proposed buildings, as mentioned, are located in an area outside the identified settlement boundary of Arborfield Garrison and are therefore in the countryside. However, this area does not resemble the typical rural appearance of the surrounding countryside such as Arborfield and Barkham. There are already substantial buildings (including those at two-storey height) large areas of hardstanding, lighting columns and high wire fences.

The Military College has logistical problems and the need to centralise all the facilities in one location, which is one of the reasons why the two sites were selected. Also there are security and accessibility issues, which again has limited the areas that would be available for these buildings.

The first smaller building which would be sited behind to the north of Nuffield Road is not considered to be in a prominent location and would be well screened from the surrounding countryside be the existing technology/other building(s). The second larger building would be sited to the south of Nuffield Road slightly away from the main group of College buildings. This would potentially be more prominent when viewed from outside of the site. Careful consideration has been given to this and on balance it is considered to be acceptable for two reasons. The height is low for a two-storey building and as such would appear no higher than a dwellinghouse. In addition this proposed building, when viewed from the south would be seen against the backdrop of the existing College buildings, which would still dominate the overall appearance of the area.

B. Effect upon nearby residential

The nearest residential properties are all some distance away and for this reason it is not considered there would be any harm caused by the developments.

C. Highway Issues

The Highway Authority raises no objections subject to condition.

5. **Conclusion** – Although the proposed new classroom buildings would sited outside the identified settlement boundary of Arborfield Garrison it is not considered on this occasion that there would be any significant harm to the character and appearance of the surrounding area.

6. **Recommendation** – It is recommended that no objection be raised subject to the following conditions:

1. Before the building operations hereby permitted are commenced, samples and details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority and no external materials shall be used other than those approved.

2. Prior to the commencement of development details of the proposed slab levels of the proposed ~~dwellings~~ buildings shall be submitted to and approved in writing by the Local Planning Authority.

REASONS:

1 & 2. In the interests of visual and rural amenity.

Dear Mr Lewis

Reference: F/2000/1296 MOD

We accept that this development will be granted but we are getting increasingly concerned with all the development that has occurred over the last few years at Arborfield Garrison. The Ministry of Defence is not asked to contribute to the infrastructure but with all the privatisation on the garrison taking place it has increased car dependency.

1. This proposal is a major new development, if the lectures and Army Apprentices are arriving from outside the camp it will add to the traffic congestion. Can the Ministry of Defence assure Arborfield Parish Council that no extra traffic will be created from this development?

2. More imagination could have been used on the design of the buildings.

Yours sincerely

Miss Zoe Cowan
Clerk to the Council

Application No. F/2000/1296 | **Received** 22.04.00 | **Arborfield**

Applicant : Ministry of Defence
Location : R.E.M.E Depot, Rowcroft Barracks, Arborfield, Reading
Proposal : Circular 18/84 application for the erection of 2 buildings for use as classrooms

1. **Planning History** – There have been numerous Circular 18/84 applications proposed at Arborfield Garrison, with the most recent being the sport training building which lies to the south of Nuffield Road and the barracks area. The Garrison is mainly contained within a development boundary which is set out on the Proposals Map of the Wokingham District Local Plan (Deposit Draft) as amended and covered by Policy WBE21 of the same document.

2. **Proposal** – Approval is sought for the erection of 2 two-storey classroom buildings to be used by the Maths Department and Military Training Wing of the Army Apprentices College. The reason for the new classrooms comes as a result of the proposed demolition of the existing community centre facility on Princess Marina Drive which has been providing accommodation for the College, that will no longer be available if the new building is granted planning permission.

   The first of these buildings would sited to the north of Nuffield Road within the existing group of Garrison buildings, behind the existing technology building. It would be in an 'L' shape, measuring 23.5metres in length, 10.5metres in depth, with height to 6.2metres. The second building would sited to the south of Nuffield Road and to the east of the new sports training building. Again this building would be in an 'L' shape and would measure 45metres in length, 14metres in depth with height to 6.2metres.

   Both buildings would be located outside the development boundary within a countryside area.

3. **Consultations** – The consultation period is due to end on 27 June 2000 and therefore additional comments received will be reported at the meeting:

   - ***Environmental Health*** – no objection

4. **Appraisal** – The main issues are:

   A. Effect on the character and appearance of the area (Berkshire Structure Plan Policy C2; Loddon Area Local Plan Policy LTV2; and Wokingham District Local Plan (Deposit Draft) as amended Policy WCC1).
   B. Effect on surrounding residential properties
   C. Highway issues
   D. Concerns of local residents and parish council

A. Effect on the character and appearance of the area

Both of the proposed buildings, as mentioned, are located in an area outside the identified settlement boundary of Arborfield Garrison and are therefore in the countryside. However, this area does not resemble the typical rural appearance of the surrounding countryside such as Arborfield and Barkham. There are already substantial buildings (including those at two-storey height) large areas of hardstanding, lighting columns and high wire fences.

The Military College has logistical problems and the need to centralise all the facilities in one location, which is one of the reasons why the two sites were selected. Also there are security and accessibility issues, which again has limited the areas that would be available for these buildings.

The first smaller building which would be sited behind to the north of Nuffield Road is not considered to be in a prominent location and would be well screened from the surrounding countryside be the existing technology/other building(s). The second larger building would be sited to the south of Nuffield Road slightly away from the main group of College buildings. This would potentially be more prominent when viewed from outside of the site. Careful consideration has been given to this and on balance it is considered to be acceptable for two reasons. The height is low for a two-storey building and as such would appear no higher than a dwellinghouse. In addition this proposed building, when viewed from the south would be seen against the backdrop of the existing College buildings, which would still dominate the overall appearance of the area.

B. Effect upon nearby residential

The nearest residential properties are all some distance away and for this reason it is not considered there would be any harm caused by the developments.

C. Highway Issues

The Highway Authority raises no objections subject to condition.

5. **Conclusion** – Although the proposed new classroom buildings would sited outside the identified settlement boundary of Arborfield Garrison it is not considered on this occasion that there would be any significant harm to the character and appearance of the surrounding area.

6. **Recommendation** – It is recommended that no objection be raised subject to the following conditions:

1. Before the building operations hereby permitted are commenced, samples and details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority and no external materials shall be used other than those approved.

2. Prior to the commencement of development details of the proposed slab levels of the proposed dwellings shall be submitted to and approved in writing by the Local Planning Authority.

REASONS:

1 & 2. In the interests of visual and rural amenity.

STATEMENT OF PROPOSED DEVELOPMENT

AT

ARMY APPRENTICES COLLEGE, ROWCROFT BARRACKS, ARBORFIELD

TRAINING WING (MTW) AND MATHS DEPARTMENT CLASSROOMS

It is proposed to construct new classrooms for the MTW and Maths Departments in two-storey modular blocks.

The MTW classrooms are to be built on the site of existing single storey asbestos roofed sheds.

The Maths Department is to be built on the yard area to the north of the existing Technology Block (Building No. 64).

The ground floor is to be fully designed to comply with Part M of the Building Regulations.

The blocks will be of low pitched (12 degree) roof construction with external wall cladding of coloured textured coated panels with matching standing skirts. Windows will be white uPVC framed double glazed sealed units whilst external doors will be white powder coated aluminium framed double glazed sealed units. Fascias and rainwater goods will be in white PVC.

Externally, concrete steps, ramps and paths will be constructed in accordance with current Building Regulations to enable pedestrian access to each of the blocks.

No trees will be felled to enable the modular buildings to be erected on site and any areas of soft landscaping disturbed by the works will be made good and re-seeded with suitable grass seed etc.

The following drawings are enclosed illustrating the proposal:

- 4311-SK20 rev A Site Plan
- 4311-SK09 rev D Indicative MTW layout
- 4311-SK10 rev B MTW elevations
- 4311-SK18 rev D Floor layout – Maths Department Option B
- 4311-SK17 rev A Sketch elevations – Maths Department Option B

22 March 2000

Dear Mr Lewis

DEO CIRCULAR 18/84 SUBMISSION FOR THE SECRETARY OF STATE FOR DEFENCE
PROVISION OF MTW AND MATHS DEPARTMENT CLASSROOMS AT ARMY APPRENTICES COLLEGE, ARBORFIELD

1. Please find enclosed 4 copies of a statement and plans showing the location and form of the proposed accommodation. This application is made for full planning clearance.

2. Would you please let Mr Mike Davis of Defence Estates, Blandford House, Farnborough Road, Aldershot, Hampshire, GU11 2HA, have your comments within 8 weeks. However if the Authority's reaction can be given earlier it would be greatly appreciated.

3. Would you kindly advise Mr Mike Davis if the Planning Authority intend to advertise this proposal, or have us place a notice on site, so that the content and timing of any advertisement may be agreed.

4. Should you require any further information please let the writer or Mr Mike Davis know.

5. This second application is made as a result of discussions between Simon Lewis and Michael Davis. The Maths Department remains on the same site, but the MTW Building is now sited where two existing single storey sheds with asbestos roofs stand. It is considered that this will fit better with the built environment at Rowcroft Barracks and is the Army Apprentices Colleges preferred option.

6. Should the Local Authority be minded to consent to this application, then the first application will be withdrawn.
