Appraisal :

1. Signs are already up.

Signs A & B are on the front of the building and are in keeping with the location. They are less prominent than existing signs & are not illuminated so adverse impact on character or neighbours.

Signs C + D are on Reading Road these would be illuminated. In terms of their appearance I do not consider that their impact is very different from the existing signs. The proposal to illuminate the signs is acceptable provided it is for opening hours only, as for the existing signs. In this case the signs are reasonably set back from road (4m) & 35-40m from the houses opposite. Under the circumstances consider that there is insufficient adverse impact on neighbouring properties to warrant refusal on these grounds.

HA: concerned that there should be no light spillage onto the road.

Dear Sir/Madam

In Reference to yoeur planning notice A 2000/1200 for a light on signs I have looked at the plans & I wish to make the following comments.

On the plans the diagram says A. B. C & D but in my opinion the photos C & D do not match. The sign which concerns me is right in front of my home & I would prefer if it was not lit as the light would be a distraction also I think it could attract vandals especially at weekends the sign marked A & B & the one with entrance on it do not affect me

So hope my request will be granted

Yours sincerely

A Hotten (miss)

Applicants should refer to the Regulations for details.

Period of Consent

2. Normally the maximum period for which the Council will grant consent is 5 years; but they have discretion to grant consent for a longer period. If consent is required for a specific period of more or less than 5 years, this requirement should be stated in reply to Question 8 on the application form.

Drawing Required

3. The drawing of the proposed advertisement can be in black and white on paper. It should show the size of the advertisement and its position on the land or the building in question. For a sign, the drawing should indicate the materials to be used, fixings, colours, height above the ground and, where it would project from a building, the extent of the projection.

   The drawings should include a 1:2500 scale location plan showing the site edged in *RED*. All drawings should be submitted in quadruplicate.

Owner's Consent

4. It is a condition of every consent granted by or under the Regulations that, before displaying the advertisement for which consent is given, the permission of the owner of the land or other person entitled to grant permission shall be obtained.

Other Consents

5. A grant of consent under the Town and Country Planning (Control of Advertisements) Regulation 1989 does not rank as consent which may be required for any other purpose, e.g. 'listed building consent' where the advertisement is to be displayed on any listed building.

Fees for Advertisement Applications

6. Regulation 11 of the Town and Country Planning (Fees for Applications and Deemed Applications) Regulations 1997 requires a fee to be paid to the Council with the advertisement application. The fee is related to each site on which it is proposed to display one or more advertisements. The appropriate fee for the following categories of advertisement is:-

   1. Advertisements displayed on business premises, on the forecourt of business premises or on other land within the curtilage of business premises, wholly with reference to all or any of the following matters:- **£50.00**

      (a) the nature of the business or other activity carried on on the premises:
      (b) the goods sold or the services provided on the premises; or
      (c) the name and qualifications of the person carrying on such business or activity or supplying such goods or services.

   2. Advertisements for the purpose of directing members of the public to, or otherwise drawing attention to the existence of, business premises which are in the same locality as the site on which the advertisement is to be displayed but which are not visible from that site. **£50.00**

   3. All other advertisements. **£190.00**
