COMMENTS:

Arborfield & Newland Parish Council notes that this is a retrospective application. While we wish to support local businesses and their owners, we also urge them to follow the planning process for future applications. Despite this being a retrospective application, taking account of the merits of the case, the Council has no objections to this application being granted. However, we would ask that the following conditions are stipulated for the applicant: - that the frontage of the building remains the same; that there is no installation of signage or lighting to the exterior of the property; and that the street scene is retained as is.
