

PLANS AND DRAWINGS

Please see below.

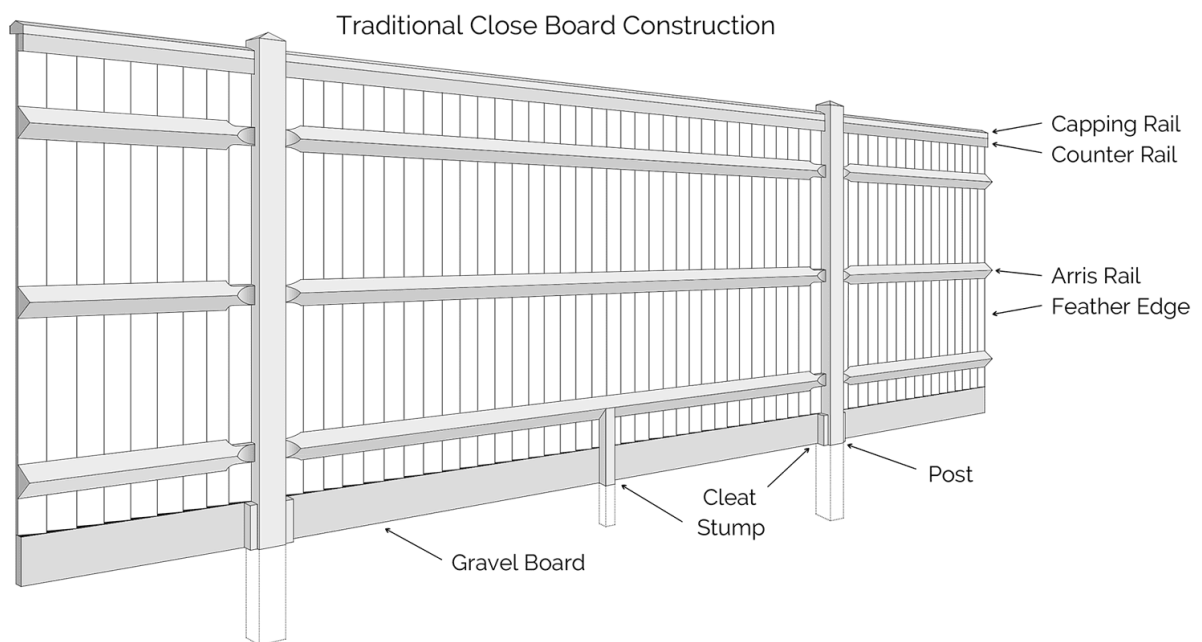

The area of roughly 22/23m adjacent to Duffield Road is where we would like to remove the existing hedge and replace it with a wooden fence with concrete posts.

Please see picture below of existing hedge, which is 10-12ft in height, that we wish to remove.

We would keep the brick wall and replace the hedge with a fence in a similar style to that below.

Below are a couple of photographs of similar fences on Duffield Road.
