PROPERTY ADDRESS : 25 Couching Street
: Watlington, Oxfordshire

COMMENTS:

I'm am objecting to this planning for the following reasons,
1) the building is on three levels firstly is overpowering and secondly will significantly reduce the amount of light available to the neighbouring houses natural in Renemham Row.
2) The privacy will be compromised because there will be windows and balconies looking down on them.
3) This will also increase the amount of light pollution and light spill.
