COMMENTS:

I would like to know more about the parking facility being provided. Arlington is nearly on a busy junction. By removing the garage it takes away a parking space. Please provide more detail.

I would also like further detail on the loft windows and whether they will overlook next doors garden.

As there are some lovely period properties on the four sides of The Square I would like reassurance that any replacement windows are in keeping with the original sash windows.

As we adjoined to Arlington assurance required regard working hours on this project. We request daytime working mon to fri please.
