COMMENTS:

I object to the planning application in general for the following reasons:

1. These new houses and various other buildings directly overlook my private garden and living areas. The development is too close to my boundary, making me feel hemmed in and creating an oppressive and very close view.
2. There will be a considerable impact on my local infrastructure, for example my GP surgery, which is already over capacity.
3. My property currently backs on to open fields so there will be a significant loss of biodiversity. This new development threatens wildlife and green spaces.
