COMMENTS:

I would like to object this application on the grounds that Bellway are yet to finish the landscaping, public areas and park space of our estate, on which we have been waiting over a year. We pay our service fees and for what! The park is unsafe and should not be open to children yet. No further work should go ahead until outstanding works are all complete. Also we are concerned that the roads will come busier and they are still not marked and don't have any road signs or speed signs so therefore endangering our children who play on the estate and in the park. We object to any through road being build between our estate and the new one on those grounds. Traffic is already bad on the Eastern relief road every morning so we do not want any further cars to be added to that. Furthermore there are no plans for additional schools, doctors, shops and services so we are concerned that our current facilities in the village will be overrun (which they already are).
