COMMENTS:

I object to this proposal: it makes no sense to me to build 420 dwellings, an 80 bed care home and a primary school within the AWE DEPZ zone.

Following a stroke, my mother was in a care home and she and a lot of other residents could not get out of bed or move without help. Although it is hopefully unlikely that evacuation will ever be necessary, it is unlikely that the 80 people in the care home would be able to be evacuated quickly.

The roads are already congested in peak hours and 420 extra houses will result in a lot more cars on the road.

The existing bus service only runs hourly on weekdays and Saturdays and does not run at all on Sundays so people will be unlikely to use the bus service instead of their car.
