COMMENTS:

I strongly object to this proposal. I have lived in this area for six years and have been unable to get a dentist. My son goes to nursery 15 minutes away because there is overcrowding and overpopulation in this area with no infrastructure except a poxy community centre. We don't need more houses being crammed in. We need more quality schools, doctors and dentists. We need more pharmacies and post offices and everyday necessities. That's not to mention the horrific traffic that already exists every day at Vigor roundabout. The number of crashes there is also something to not be ignored.

I strongly object!
