COMMENTS:

Enough is enough - the town is ruined, people can't get in and out of it, road systems that make it more complicated, broken infrastructure, badly maintained roads. Please do not keep telling us this is because the council is being instructed by the government to build all these new homes. This will be another batch of poor quality 'boxes' with little to no thought put into the planning and longevity of them - purely for developer profit and the council getting coining in more council tax. Listen to your current residents - they have had enough. The town is on its knees with businesses shutting up shop - there may be more people arriving but what is there to do bar visit a charity shop, a barbers, an estate agents or have a meal. Wokingham used to be a desirable market town - now it's a merger of bracknell and Reading. Stop all this development and stop taking your residents for granted.
