8. Conclusion:

The proposed erection of a single storey rear extension to the existing dwelling constitutes development requiring planning permission. Permission **is not** available under Article 3 of the Town and Country Planning (General Permitted Development) Order 2015, because condition 7 of planning consent 18053 removes permitted development rights.

Condition 7 of planning consent 18053 states: *"No development as defined within Class I or Class II of the First Schedule of the Town and Country Development Orders 1977-81 shall be carried out on the land unless an application for planning permission in that behalf is submitted to and approved by the District Planning Authority, and this condition shall apply notwithstanding the provisions of the Town and Country Planning General Development Orders 1977-81 or any statutory modification or re-enactment thereof.*

Reason: To prevent an overdevelopment of the site and to help safeguard the character and amenities of the area."

Condition 1 of planning consent 19407 states: *"Nothing herein contained shall be deemed to affect or vary the conditions imposed on Outline Consent No.18053 dated 21.9.82 which conditions shall continue in full force and effect save insofar as they are expressly affected or varied by this permission.*

Reason: The conditions of the outline consent are still applicable."
