Dear Ms Duckworth,

TREE PRESERVATION ORDER NUMBER: 1743/2020

APPLICATION NUMBER: 243066

LOCATION: STANTONS, CHURCH LANE, SHINFIELD, WOKINGHAM, RG2 9BY

I am writing to you regarding your application to carry out works to protected tree(s), which was received on 05 December 2024 and validated on the 05 December 2024.

I can confirm Wokingham Borough Council **consents with conditions**, to the following work being carried out to tree(s) included in the above-mentioned Tree Preservation Orders (TPO):

Approved works to A1 of TPO 1743/2020:

- T010, False Acacia - Remove deadwood.
- T021e, Leyland Cypress - Reduce lateral spread on south side of canopy towards carpark by 1-2m; remove dead branches from upper crown.
- T030, Cherry Plum 'Nigra' - Prune out dead / decaying branches and reduce two dog legged limbs in crown back to previous reduction points.
- T014, Leyland Cypress - Reduce height by 3-4m and lateral spread on west southern and eastern sides by 1-2m.
- T015, Leyland Cypress - Reduce height by 3-4m and lateral spread on west northern and eastern sides by 1-2m.
- T021a, Leyland Cypress - Fell to ground level.
- T004, Lawson Cypress - Crown lift to create 1.5m canopy clearance over pergola roof.
- G005, Common Ash x3, Aspen x4 - Fell end Ash on western end of group.

- G020, Western Red Cedar x6 - Top trees at 4m to maintain formal hedge.
- T021f, Leyland Cypress - Cut back to clear streetlight.
- T029, Horse Chestnut - Remove epicormic shoots at base; reduce lateral branches south side to create 1-1.5m canopy clearance to garage roof.
- T007, Common Ash - Fell to ground level.

Reasons stated for works:

Works are required in the interests of health and safety and to provide adequate clearance to the tree(s) immediate surroundings.

Officer comments:

The proposed works involve localised tip reduction of branches to give adequate clearance to the adjacent buildings, street furniture and beneath the crowns. Infrequent sensitive pruning is considered reasonably to maintain sufficient clearance to the subject trees immediate surroundings and, if performed correctly, should not have any significant detrimental impact on overall tree health or adversely affect the character and amenities of the subject trees. The trees to be removed are in poor physiological and structural condition therefore the works are in the interests of health and safety.

The consent is granted subject to the following conditions:

1. The above works must be completed before **29 January 2027** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 ‘Tree work - Recommendations’.
3. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.
4. Replacement planting: Following the removal of T021a, Leyland Cypress and T007, Common Ash as authorised by this consent, 2 no. replacement trees, shall be planted. The replacement tree species should be chosen from the following species: Common Beech, Small-leaf Lime, English Oak or Scots Pine.

The replacement trees will be planted during the planting season (Nov-March) following or at the time of the felling of the subject trees, whichever is soonest following the permitted tree works.

The new tree(s) should be a minimum of 2m tall. Planting should be carried out in accordance with clause 10 (Planting) of BS 8545:2014 ‘Trees: from nursery to independence in the landscape – Recommendations’.

Should the replacement trees be removed, die, or become severely damaged or seriously diseased, all within 5 years of planting, they shall be replaced by trees of a similar size and species to that originally planted. Modifications to the requirements of this condition must be agreed in writing with Wokingham Borough Council Tree and Landscape Team.

PLEASE NOTE: The requirement to replant is the responsibility of the tree owner even if the application was submitted by another person.

Reasons for conditions 1-4.....

1. To ensure that our records remain accurate.
2. To ensure the health, safety and visual amenity of the tree(s) and ensure works are undertaken in accordance with recognised arboricultural good practice.
3. Climbing spikes can cause extensive long-term damage to trees.
4. To maintain canopy cover in the Borough for the benefit of the local environment and amenity.

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Because of coronavirus (COVID-19), you currently can only make a planning appeal online. You cannot currently apply by post.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk
Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the **Tree Preservation Order only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via email to: development.control@wokingham.gov.uk

Yours sincerely,

Chris Hannington
Trees and Landscape Team Manager

cc. Applicant: Ms Natalie Cadman, Honeysuckle Day Nursery, Stantons, Church Lane, Shinfield, Wokingham, RG2 9BY

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
