COMMENTS:

Shinfield Parish Council objects to this application as the proposed three parking spaces require vehicles to reverse onto or off the forecourt directly into a busy road near a signal controlled junction. This creates a significant highway safety risk, as reversing manoeuvres reduce visibility and conflict with guidance requiring safe visibility splays for new accesses. The constrained layout does not allow safe forward entry/exit and poses danger to both traffic and pedestrians. We request that the layout be revised to allow forward access or that the application be refused on highway safety grounds.
