COMMENTS:

PLEASE stop covering the countryside in Wokingham with housing.  
SURELY Wokingham has seen enough now and other parts of Berkshire or  
the  
surrounding counties should be getting this, not us. Wokingham has  
become unrecognisably busy and it's unmanageable to live and move  
around in the area. The roads can't cope, the town isn't getting any  
further shops, countryside which we need to be healthy is  
disappearing. Why aren't other areas getting this? How can we  
protect the countryside around here? You are affecting people's  
mental and physical health by doing this. PLEASE PLEASE STOP.
