COMMENTS:

Having lived on the Deardon Fields estate for some years now, I've noticed a few things.

- The amount of animals we have visiting our garden including deer and foxes for food, probably because their natural habitat has been destroyed by housing (Shinfield Meadows estate) so they have no choice but to come to our gardens.
- The queues caused by the amount of traffic already leaving Shinfield and the local area to get to the black boy roundabout is crazy.

Obviously the building companies aren't affected by this as they're not local so it's probably the last thing on their mind but we actually have to live here.

And the points I've raised will only get worse if more houses are built!
