DATE SUBMITTED : 18/01/2026

COMMENTS:

I find it very strange that after I raised some question a letter from Woodley Town Council arrived by post the next day - should this not have been sent before !

I do not understand how this work has progressed to the point that the roof is now completely covered - why! The deadline for comment is 29th January how can you comment when you have no idea what is going on. Nothing is mentioned about the roof being covered - for a replacement roof or a dormer window! No public notice has been displayed at the property. I need to know how to formerly object in writing because I will be unable to attend the public meeting - I will be in Coronation Hall at Woodley Flower Club AGM. Until I am informed to exactly what is going on I object. This property looks directly into my garden. One last point - who every installed the scaffolding was scary. I have a picture and was with a neighbour watching it was dark the guys had no safety equipment - I don't know who provided the scaffolding as there is no sign as to who provided it - thank goodness there were no accidents.
