COMMENTS:

Having reviewed this I would like to object to this retrospective application. The use has already impacted trees that have been felled as well as space do natural habitat that frequents the area.

The is listed as country side and not marked as development. Furthermore during the wet winter parts of Range Road were flooded and it does not have the infrastructure to support any traffic increase. There is already cut throughs on Tintagel Road due to increased traffic and this will further compound the issue.
