Comments On Proposal

The site is in relation to the approved planning application ref. 241399. It is a single storey extension, and the plan indicates no change in the numbers of habitable rooms compared to the approved ground floor plan. The extension will not affect the approved driveway.

It is therefore expected that there will be no additional demand for car parking and no reduction in parking provisions.

No negative impacts on abilities for cycle storage are expected, which is acceptable.

The Highways have no objection to the proposal.
