Affect on street scene & neighbours.

**Application Number: F/2002/8167**

**Appraisal :**

The application site is located in a small cul-de-sac containing an odd collection of terraced properties and one pair of semi-detached houses.
The property is one of three small dwellings, which appear to have been designed as one bedroom apartments. The roof has a long slope and appears to be mono-pitched, but there is a small return visible from the side view.
Opposite the site is a terrace of 3 houses of different design with bedroom windows facing. In front there is a formal parking area. The application site has one allocated space adjacent in a small parking area.
The proposed dormer is centrally located to the dwelling and whilst it appears large on the plan it will be well integrated with the roof by the use of tiles on the cheeks and a hipped roof design.
There is a similar dormer at no 25 opposite.
The application property has very little front garden but is 20 metres from the facade of the properties opposite.
Consequently it will not adversely affect the amenities of neighbours and will not be detrimental to the street scene.
The property will remain a small dwelling and the highway officer has raised no objections...

Similar dormer also approved at 49 Colmworth Close under F/2002/7625
