① Overbearing
② Loss of light to property.

Planning Issues :

Impact upon Character of the area.
" " neighbouring properties.

Application Number: F/2002/8168 – 28 Merryweather Close, Finchampstead.

Appraisal:

Proposed Development

The proposed development is a single storey rear extension. At its furthest point the extension will project 3.9m, it will be 6m in width and at its highest point will be 3.7m.

The site lies in the identified settlement. The proposed falls to be assessed against policies in the adopted South East Area Local Plan and the Wokingham District Local Plan (as proposed to be modified).

1. Impact upon neighbouring properties

Overbearing
The two properties to consider are no.s 27 and 29 Merryweather Close.

There will not be any overbearing impacts to no. 27 given that the proposed family room will not project beyond the rear wall of the property and the proposed additional kitchen will only project 0.4m and there is a 5m distance between this part of the extension and no. 27.

The existing two storey element projects approximately 2.2m beyond the rear wall of no. 29. The addition of the proposed extension will mean that the proposed including the existing 2 storey property will extend 6m beyond the rear wall of the property. However, there will not be any significant overbearing impacts given that it will have a height to the eaves of 2.4m and to the ridge of the roof of 3.5m. In addition, it has a shallow pitched roof and there is a distance between the proposed and no. 29 of 2m.

Overshadowing
The extension encroaches on the 45° angle drawn in a horizontal plane from the window to the nearest habitable room of no. 29 Merryweather Close. In addition, calculations were made to check shadowing of the window in a 45° angle vertical plane; this shows that there will be under 50% shadowing of the window.

Overlooking
No windows are proposed in the side elevations of the proposed extension.

2. Impact upon the character of the area

The proposed development is of an appropriate scale to the host building. In addition, materials are proposed to match the existing. Accordingly, there will be no detrimental impacts to the character of the area.

8168

3. Consultation

Objection received from no. 29 Merryweather Close. Grounds of objection are:-
- Overshadowing to the property
- Overbearing impacts – the length and height.

Officer comments – Given the comments in sections 1 of this report it is not felt that the objections raised could warrant refusal of the application.

Re: Planning Application F/2002/8168
Site Address: 28 Merryweather Close, Finchampstead
Proposal: Single storey rear extension to dwelling

My name: Timothy Smith
My Address: 29 Merryweather Close, Finchampstead, Wokingham, RG40 4YH

I wish to object to the application.

Comments: The reason for my objection is that having viewed the plans I am concerned that the size (length and height) of the proposed extension will (a) cause significant overshadowing of my property and garden primarily in the mornings and (b) loss of light to my garden and major living area throughout the day. This concern is magnified by the design of the proposed extension, namely the degree it extends from the exisiting dwelling and the height of the pitched roof.

I understand from the owner of number 28 that you wish to visit my property to understand the effect that this proposed extension will have on my property. I have arranged with him for you to have access on Thursday 9th however unfortunately because of work commitments I will be unable to be present. However I am certain that upon your visit you will understand my concerns and act accordingly.

Could you please confirm receipt of this email. Thank you.
