COMMENTS:

This site belongs to Shinfield Rangers FC. Shinfield Parish Council pay nothing towards the upkeep of this site. My children play for Shinfield and have used this site weekly, what gives SPC the right to come along and change it and sell it to the highest bidder? Absolute disgrace. These football pitches serve the community of Shinfield and have done for over 50 years. There is a shortage of football pitches already in the Wokingham borough as per the playing pitch strategy so why on earth would you submit a plan where it looks like the pitches are removed or sold off to the highest bidder. Please think about the impact on the wider community before you make a rash decision.
