COMMENTS:

I am writing to object to the above planning application.
The proposed application of a static residential caravan style chalet is completely out of character with the existing houses in this area.

I am concerned that the site has been extensively cleared and the amount of hardstanding that's being put down. It really would suggest there could be a future plan to add more static caravans on this site at a later stage.

I strongly request the Wokingham Borough Council take into consideration the impact this could have on residents and the local area and therefore refuse the proposed application.
