Details of the pre-application advice received

The site is located within a modest development location and as such the principle of development should be acceptable subject to other material considerations. The proposal would not have a detrimental impact on the character of the area, and it also shows compliance with policies CP3 and the Borough Design Guide SPD. The proposed materials are appropriate for the proposed use and the building would be of a high quality design, thus showing compliance with Policy CP3.

It is not deemed that there would be a detrimental overbearing impact or loss of light impact on no. 8 Hollow Lane or no. 3 Fairmead Road. Recommends details of landscaping, a PEA / PRA and details of BNG.

The proposed new church building would have an acceptable impact on the character of the area and on the neighbouring properties. The scheme is considered to accord with national and local policy and therefore would be likely to received support at planning officer level.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
