

68 Campbell Road, Woodley, RG5 3PG

Proposed single storey rear/side extension with front canopy roof and brick wall

Biodiversity Statement

Author:

Dariusz Kusyk BA BEng MSc - 1 Right Plan

1. Biodiversity statement

The host dwelling is not within the red square area as per the WBC GIS, therefore no additional bat survey is required in this instance. Furthermore, only a minor section of the rear roof would be removed, not suitable for bats, as presented on the below photos.
