Comments On Proposal

I have no objection to the proposed replacement fencing along the north-western boundary of car park as I agree that the current closeboarded fencing has been vandalised by extensive graffiti. As the proposed fencing will allow views through to the existing car park I suggest climbers are also included as part of the proposal to soften the industrial style fencing and to restrict views into the car park from the M4. A landscape plan can either be submitted as part of this application or a landscape condition included as part of any permission given.

Landscape condition CL4, if landscape scheme is not included as part of this application.
