Comments On Proposal

The proposal will increase the numbers of habitable rooms from 6 to 9. The existing garage and 16m long driveway will be retained.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require three parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The retainment of garage and driveway parking will meet the council's parking requirement, which is acceptable.

No negative impacts on abilities for cycle storage are expected, which is acceptable.
