Dear Sirs

11 Headley Road Woodley RG5 4JB

Please find enclosed a listed building application for the replacement (on a like for like basis) of 5 decayed windows and a front porch all situated on the front elevation. The application consists of :-

1. Drawing 934.01 showing the location plan, site plan and elevations.
2. A Heritage Statement (including photographs)
3. A Design and Access Statement

As the application is for 5 replacement windows and a porch on a like for like basis. I understand that no separate planning application is required. The windows and porch, although listed, are in my opinion not the original windows or porch but were in place at the time of the official listing in April 1987.

Yours sincerely

John Irish

Agent
