COMMENTS:

This planning is not in keeping with the rest of the area, instead of 3/4 'rural look' houses the developer has tried to squeeze as many houses as possible onto this piece of land in between houses purely for revenue. As others have said Finchampstead simply doesn't have the infrastructure to support this amount of new residents, 26 houses could mean between 50 and 150 residents. A few years ago when we moved to the area we struggled to get signed up to the GP and dentist that we live 5 houses away from. The primary school last year had circa 250 applicants for 30 spaces. This is not well thought out and will be very disappointing if approved.
