

2x Ash
Sever ivy & inspect bases

T001 / TAG 05496

Multi-stem Ash formed of three trunks
Approximate stem diameters - 600,400,300
One of three trees in linear group. Prolific ivy obscures base and lower trunks.
Major deadwood and dieback in upper crown. Pigeon Defoliation.
Neighbours have complained about deadwood falling into garden.

Works: Reduce crown by 5m back to healthy wood and lateral branch spread by 2-3m.
Remove deadwood
Sever ivy and inspect base

Reason for works: Essential health and safety works
