COMMENTS:

Please don't go ahead with this as the traffic alone will have a major impact on the village in terms of pollution/ traffic volume. It's dangerous to have such big lorries going along small roads and there will be blocking of the road between Charvil and Twyford when they park there. The company have already shown that they can't keep to agreements as when they were in operation for a few days, they had no regard for times they'd promised to keep to avoid danger to children. To put these time agreements in place, you've clearly acknowledged a huge risk to children as well as adults by this company being in operation in this area. This is clearly unacceptable.
