COMMENTS:

Please don't go ahead with this as the traffic alone will have a major impact on the village in terms of traffic volume. It's unpleasant to have such a high number of lorries continuously along the same road and we're a very small village. It will become unpleasant to live here. The lorries will be blocking the road between Charvil and Twyford when they park there and this is incredibly dangerous. The company have already shown that they can't keep to agreements as when they were in operation for a few days, they had no regard for times they'd promised to operate avoid danger to children. To put these time agreements in place, you've clearly acknowledged a risk to children as well as adults by this company being in operation in this area. This is clearly unacceptable.
