

## Parking Provision Statement

Project Address: 53 Budes Road, Wokingham, RG40 1PL

Applicants: Mrs & Mr Sagiroglu

The existing garage door will be retained for visual continuity, but the internal garage space will be converted into utility and storage areas, and will no longer accommodate a parked vehicle.

However, the existing driveway provides sufficient off-street parking for at least one vehicle, and there will be no net loss of parking provision as a result of the proposed works.
