Your observations are required in respect of this application **by 07/02/2002** .

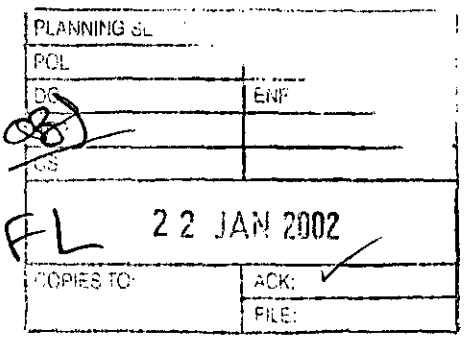

Whilst Councillors had no objection to this application, they were disappointed to see that it was a retrospective application, and had, therefore, presumably, been built also without the benefit of building regulation approval.

Comments:

The planning application states that the building will be of matched brick. It is not. Two sides of the extension have a grey "breeze block" looking finished, whereas the rest of the property in red brick.

Dear Mr. Leo,

Re. Application No. F/2002/5618

Yesterday we examined the relevant plans at Woodley Library. We have the following comments:-

(a) The existing extension is in breeze block.
(b) The existing boundary wall is in breeze block(not Fence).
(c) There is a window (not shown on plan) overlooking Rushey Way.
(d) There is an existing corrugated plastic roof.

All the above form an eyesore and are totally out of keeping with the surrounding properties.

Part 6 of the application stipulates red brick without stating where these will be applied to the extension or boundary wall or both.

In our opinion the whole thing needs to be pulled down and replaced with red brick construction walls and a red tiled sloping roof similar to the property's garage roof.

Yours faithfully,

D.C.H. Simmons

Dear Sirs,

With reference to our recent telephone conversation I confirm that the roof over the extension will be tiled to match the existing single storey roof and the existing block walls will be clad on the outside with thin bricks of the same colour and size as the existing extension.

I also confirm that the works will be completed within 4 months as per your instructions.

Dear Sir,

Reference to your letter to your reference RFS/4885/01/JH Dt 2.1.2002

The Boundary Fence was built nearly Two and half year ago which is Block Material and so far no one said anything. Any how I do not known that a planning permission is required for that. Now I have applied for the planning permission for that I hope that this will satisfy you and no further action will be Taken until the application is decided

My wife is a disable person and to prove that I am submitting some documents for that. I have paid the plan money with the planning application which is £95/= and all this is done for her facility and I hope that fee may be returned back as no fee is to be paid by a disable person.

I hope that favourable action will be taken in this respect.

Thanking you

Appraisal :

Development
Proposed single storey rear extension to dwelling and erection of rear boundary wall to replace fence. This is a retrospective application. A rear extension was approved in 1998 and has been built. There is a space of 2.5m between the extension and rear boundary wall which has been built on with a flat roof for which planning permission is now sought.

The site is a detached property located in the identified settlement of Lower Earley within the Loddon Area Plan and Workingham District Local Plan.

Impact upon neighbouring properties
The rear extension has been built using grey coloured blockwork for the walls and the flat roof is covered with corrugated sheeting. The appearance overall is extremely unsightly. Whereas the rest of the building is of brick walls with pitched roofs similar to other buildings in the street.

The site is clearly visible from Rushey way located opposite the junction of Rushey Way and Thistleton Way. Between the site and no 101 Rushey Way is a foot path leading to Mill Lane to the south. Hence the site is very visible and the materials used are unsuitable in this prominent corner.

The applicant was advised to rebuild with brickwork and to provide a pitched roof to match the existing building. The applicant being disabled is unable to afford the additional cost of works and requested that be allowed to use brick facing material for the walls to appear like matching brick walls with a pitched roof over as shown on revised drawings received 22nd February 2002. The effect of this would be the same, hence it is felt that the revisions can be accepted in this case only in view of his circumstances

Impact upon the character of the area
If the walls of the extension are faced with brick tiles with a pitched roof over it would match the existing building and would have no adverse impact upon the character of the area.
