Appraisal :

Development
For a single storey rear extension to dwelling. The proposal is an 'L' shaped single storey rear extension to infil the area rear of the kitchen and garage/utility to align with the rear building line of existing lounge and to extend it up to the existing store along the southern boundary.

The site is a detached dwelling located within the identified settlement of Woodley.

Impact upon neighbouring properties
The proposal is 200mm away from the southern boundary where the fence is 1.8m high and no 23 has a garage and shed immediately next to the boundary. No 19 is 12m away from the extension. As the proposal is set away from the boundaries and is single storey there would be no adverse impact upon neighbouring properties.

Impact upon the character of the area
Being a single storey development at the rear of the dwelling and the fact the site has a 75mm deep rear garden the proposal would have no adverse impact upon the character of the area
