Appraisal :

Development
Proposed single storey front extension to dwelling to form a porch. There is at present a small porch to the site which would be demolished to make way for the new porch.

The site is a detached property located within the identified settlement of Workingham

Impact upon neighbouring properties
The proposed porch is small 1.8m in depth x 3.9m in width. The proposal would have no adverse impact upon neighbouring properties because: the site has a large front garden measuring 12m in width x 14.5m in depth, the porch is small and along the side boundaries there exists a 2m high hedge shielding it from adjoining properties.

Impact upon the character of the area
This proposal is an extension of the existing porch. It would have no adverse impact upon the character of the area because there are a number of properties in the street with similar porches and the proposal would blend into the street scene.
