COMMENTS:

I strongly object to this planning permission. This land is a greenfield site and adding 99 homes to Hurst is unsustainable as the infrastructure is not here to support this level of development (school spaces / public transport / road infrastructure). Also the years of development and disturbance on land which is backing onto my house would considerably impact us. Other brownfield and grey belt land in the borough should be prioritised over this, the developers are just trying to make profit on a desirable area, they have no consideration for the local community or improving the local area.
