Good morning, Emy.

I trust that you are well this morning.

I have had some information back in relation to the security gates, which address the points raised by Thames Valley Police. I have also provided a link to the supplier we will be using for the gates.

Gate – A – Mation Automatic Gate Systems [Gate-A-Mation: An Automatic Electric Gates Company](#)

- Each gate installation includes 3 remotes, and additional remotes can be purchased. These can be operated from within a vehicle.
- The gates can be set to automatically close.
- Regarding emergency access/egress, an emergency services key can be provided. The company doing the installation can also do a site survey to determine if other means of emergency access/egress are needed.

I trust you find the above in order and I look forward to hearing back from you.

Kind regards,

Gary Du Preez
Planning Co-ordinator

NOTE: Email originated outside of Vistry Group.

Afternoon Gary,

I've received a consultation response from the Thames Valley Police, Designing Out Crime Officer who requires additional information before he can recommend discharge of the gates. Please see attached.

Kind Regards,
Emy Circuit
