COMMENTS:

I strongly object to these plans to build more housing in my area, as the environment and infrastructure can hardly cope at the moment. There are not enough local services for the local community right now, especially regarding schools, doctors and dentists. Plus, traffic is already difficult in this region, especially as many local roads are too narrow and not fit for purpose. Furthermore, we are already experiencing a lot of flooding in this region, which will only become worse if more homes are built.

Overall, such works would cause massive disruption to the area and make life difficult for current residents.
