Dear Planning;

I write to advise you that we strongly object to the proposed loft conversion at 84 Ravensbourne Drive Woodley RG5 4LE.

This is primarily for three reasons.

- 1). The proposed DORMERS will partly overlook our premises, and deny us some of our privacy which is unacceptable.
- 2). The agreement to install DORMERS at "84 Ravensbourne" will set a precedent in the street, and should additional houses ie 82 or 80 or 78 apply and install, we would then be fully overlooked also.
- 3). We are also concerned about the increased use of the road which is in very poor condition. The conversion of a three bedroom house into a five bedroom house will undoubtedly create more traffic and more parking issues; and there must be a demand for full off-road parking for which there is insufficient space for maybe five cars at the moment.

Thank You Kind Regards.
