COMMENTS:

Having studied the plans for this development, I consider that the external materials proposed are not sympathetic to local architecture and style of properties in Hurst and the surrounding area and

therefore should be re-considered in order that this development 'fits in' and enhances a village which I have lived in for more than 50 years.

Relocating the Car Park to a position adjacent to The Village Hall will have mutual benefits to The School and Hall users alike, whilst improving the access to the car park, moving this access away from the Tape Lane/School Road junction.
