COMMENTS:

I wholeheartedly support planning application 250543, proposing a Muslim Community Centre in Winnersh. This centre is crucial for local Muslim residents, offering them a place for worship and community engagement. Beyond religious practice, inclusivity and charitable work, strengthening our social fabric. It will enriching the entire Winnersh community. In a diverse area like ours, this centre will also act as a hub for education, social services, and cultural exchange, contributing to a more cohesive and understanding community.
