

PLANNING REF : 251238
PROPERTY ADDRESS : 61 Mccarthy Way
: Finchampstead
: RG40 4UA
SUBMITTED BY : Mrs Chloe Pienaar
DATE SUBMITTED : 05/06/2025

COMMENTS:

Upon observing the plan we have realised that this structure, the height and the brickwork will impact our property and the light it receives. We spoke with a contractor who is in agreement. Unfortunately, our property does not benefit from much natural light. Our concern is that this proposed extension will reduce the little light we have even further as the proposed extension is much higher than the existing structure. Initially, we didn't see an issue with this, however, after studying the plans and consultations and conversations with contractors, friends and family, we have concerns about how this will impact our home, our mental health and our living situation.
